Tax Rates & Exemptions

The Act provides the following benefits to eligible businesses under a tax exemption decree:

- A fixed tax rate of 4%¹ on income derived from the export of services.
- 0% tax rate on dividends or profit distributions to shareholders, partners or members, including alternative minimum tax.
- 100% exemption of real and personal property taxes to entities providing commercial arts and graphic services, centralized management services, shared services and call centers on the first 5 years of operation. A 90% exemption will apply thereafter and until the term remaining under the exemption grant.

Filings

Eligible businesses must submit an application with the Office of Industrial Tax Exemption of Puerto Rico. Once approved, the grant is a contract between the grantee and the Government of Puerto Rico.

Businesses shall file an annual income tax return with the Secretary of the Treasury (regardless of the amount of their gross or net income) with regards to the operations covered by the Act. In addition, businesses shall annually file with the Exemption Office an authenticated report containing the signature of the Chair, managing partner, or authorized representative, and a copy for the Secretary of the Department of Economic Development and Commerce, the Secretary of the Treasury, and the Executive Director, not later than 30 days after filing the corresponding income tax return.

¹ The tax rate may be reduced to 3% if more than 90% of all the gross income of the entity is derived from the rendering of services for export, and the export services are considered by the Government of Puerto Rico "strategic services".

²90% exemption if operating in the industrial development zones of Vieques and Culebra.
